Name: Jocelyn Black
Hero Name: Tanuki (Raccoon Dog)
Gender: Female
Age (13-17): 16
Sexuality/Orientation: Bisexual
Appearance: Jocelyn has the classic 'asian' face, with short black hair, and green eyes. She normally wears jean shorts, with back combat boots, a Shukaku T-shirt (yes, from Naruto), and a black leather jacket. She wears leopard pattern glasses, with a red choker around her neck, the pendant being the kanji for love
Personality: Jocelyn is impulsive, brave, loves pranks, and has a barbed tongue to rival the best. Not a good combination! She's seen as very kind, funny, and talkative (by her friends), and annoying as anything, with a temper shorter that a bear's tail (by her enemies).
Hero Appearance: Her outfit is a brown hooded leather suit, with cream stripes on her mask above the eyes, and on the bottom of the hood, going down to the chest. She wears black boots and gloves that go to her elbows, has brown ears and a big, fluffy tail, and her eyes turn teal, with the pupils being little slits.
Hero Personality: As a hero, Jocelyn is less impulsive, and follows orders better. She has less of a temper, and tends to actually think things through.
Weapon: Wolverine-style claws
Powers: Increased endurance, speed, and strength
Special Power (ie.: Cataclysm, Lucky Charm): Desert Shadow (She turns herself into sand and gets super fast)
Miraculous Appearance: When Kaggoto isn't in it, it's a black tanuki tail necklace. When he is in it, it turns brown, and gains five cream stripes, which are the counters.
Mental Strengths: Street smart, and good at math.
Physical Strengths: Good fighter, and fast.
Emotional Strengths: Brave, and is good at quickly assessing a situation
Mental Weaknesses: Scared of guns, and usually doesn't trust people easily.
Physical Weaknesses: She gets tired easily, even with the increased endurance, and using when Desert Shadow, she isn't good at noticing things around her
Emotional Weaknesses (Akuma prey): Her temper and saltiness.
Other: OwO What's this?

Name: Kaggoto
Pronouns: He, him.
Animal: Tanuki (Japanese Raccoon Dog)
Personality: Quick to anger, otherwise indifferent, and slightly crazy.
Appearance: Normal Kwami anatomy, he's browh, with a cream 'mask' (think of raccoons) above his eyes, and a slightly lighter brown snout. The cream color extends down his back, and is in a little collar shape on his neck. He has Tanuki ears and tail, and teal eyes. Jocelyn drew the kanji for one (壱) on the left side of his forehead in red pen.
Food: Ramen or tomatoes.

Name: Hailey Tripp, known as HT.
Hero Name: Frostbite (good name, HT.)
Gender: Female ('cause it's less confusing for characters)
Age (13-17): 16.
Sexuality/Orientation: Demiromantic Homosexual.
Appearance: HT has quite the muscular lower body. HT's left leg looks a little deformed at the knee, it looks a little twisted when you can see skin, but when she's wearing pants you don't notice a thing. HT has long hair on one side of her head, the other side is shaved. Her hair is black and white at the tips.
Personality: HT is a very confident person when it comes to lower body athletics. HT is usually very happy and jumpy and she doesn't make sense. Her self-confidence is almost a disease, it seems to spread when people are around her. She's quite a loud speaker, her voice naturally loud. HT often likes to be the boss of things. She's quite the aggressive lady, threatening people and attacking them when she feels threatened. HT often hurts people's feelings on accident.
Hero Appearance: She has a white body suit (thingy). Her feet-body-suit-boot-things are grey with blue lines that weave like vines. She has a white scarf around her waste that goes as a tail, a very short tail. There are some bluish-grey spots on her shoulders. She has a mask that has bear ear things (you know what I'm talking about).
Hero Personality: Frostbite is much smarter than she normally is. She's quite shy when it comes to talking to people and she doesn't volunteer her ideas. Sometimes she will be very brave and seeable, she will want people to notice her. She's often underestimated.
Weapon: A pistol that's black and white. It shoots ice. (Explained the ice in powers.)
Powers: She can shoot ice that melts very quickly. She can also can walk on ice.
Special Power (ie.: Cataclysm, Lucky Charm): Permafrost. Permafrost freezes things permanently for a few minutes (max is two) until it thaws. Can't freeze humans, but it can freeze fire.
Miraculous Appearance: A watch that's white and has blue dots. In normal form (when she's not a hero) it's

grey.
Mental Strengths:
-She's a rather fast thinker.
-HT notices things that are small quickly.
Physical Strengths:
-She has pretty good lower body strength.
-HT is able to run very fast.
Emotional Strengths:
-She generally self-confident.
-She can be rather careful when it comes to trusting people.
Mental Weaknesses:
-She can't read very well.
-HT isn't very good at memorizing things.
Physical Weaknesses:
-HT has bad upper body strength.
-She has pretty bad reflexes in her left leg. (It won't react to being hit.)
Emotional Weaknesses (Akuma prey):
-HT can get rather angry and jealous easily.
-She always wants to be seen (not ignored), when she's ignored her feelings get hurt and she feels like people don't care.
-HT is a rather competitive girl and when she loses she gets rather upset.
Other: OwO what's this?

Name: Calo. (Pronounced CAL-oh)
Pronouns: He/Him.
Animal: Polar Bear.
Personality: Calo loves to protect and make people feel good inside. Calo has very good advise most of the time, but he doesn't tell when he thinks someone (HT) needs to learn a lesson. Calo thinks that he knows everything.
Appearance: He has the general shape of a kwami. His ears, which are sorta round, are always up. His whole body is white. Calo has a white tail.
Food: Anything shaped like a fish and has the flavor goes in his mouth, but most of the time he eats fish shaped bread.

I might put Sparrow back in this, but revamp him a bit(or a lot), by that get rid of all the edge he has.

Name: Wynter Cross
Hero Name:Silver Wolf
Gender: M
Age (13-17): 15
Sexuality/Orientation: Pansexual
Appearance:Wynter has platinum blond hair, that is messy, but styled in a pompadour fashion. His eyes are a crystal clear blue. His has frighteningly pale skin, he has few freckles under his eyes and has more around his shoulders that get more spread out as they go down his arms. His freckles look a bit darker than his skin. He's tall and lanky, but is slightly muscled. He's around the height of 6,0 and that's pretty much the height he'll stay at for the rest of his life. His left ear is pierced with a flat silver earring and has a silver ear cuff on his left ear to. He wears two silver rings on his right hand, one on his index finger and one on his finger closets to the pinky finger. He only wears one silver ring on his left middle finger. He generally wears a lot of light blue colors, he usually wears a white T-shirt and dark blue jeans that usually have decorative chains on the right pocket. His seems to wear combat boots often that are usually in darker shades of brown and black. Sometimes he can be seen wearing a black leather jacket.
Personality: Wynter at first to others seems kind and friendly towards everyone no matter who they might be. But Wynter has a bit of a dark side he is quick tempered and manipulative using calming and charming words to get what he wants. Though is he is protective about his close friends and is scared to loose them. But Wynter has a hard time trusting others worrying they will betray him later on in life, so he tends to be a little possessive over his friends, but is meaning good. Wynter is quiet playful and jokes around a lot with others, but once put to a task he can become cold and serious. He's very clever though and seems to always be clear-headed, but once clouded by anger he loses his clear-mindedness. Wynter tends to get envious of others because of certain things, though however he's skillful mainly Piano, running, and Baking. .
Hero Appearance:Due to me not having any ideas Wynter's suit is similar to that of the wild kratt's artic wolf suit. But I'll give a description because it is needed. Wynter's suit is a skin tight suit like the rest, but looks like it has a lot of fluff on it, which makes him look fluffy. The arms of the suit have longer fur on the fore arms, on the first part of the arm the skin tight suit can be shown with a fur like texture. He has a very fluffy tail though, he also has wolf ears that sit on top of his head. He has fur running down from the top of his head down his back, and fur fluff is also on the front of his costume, it fluffs up a little by the shoulders and near the middle of his torso where again, after the fur the fur ceases and you can once again seen the skin tight suit. There is a slight amount of fur on his thighs, but on his caves on the back, fur fluffs out. But he also wears a white belt on his waist that holds his weapon. He wears combat boots that resemble wolf paws. His hands have no fur on them so they apear as a skin tight gloves with a fur like texture. His eyes are icy blue, but become more wolf like. Overall his suit is white with mixes of light grey. His mask is like a normal mask, but similar in a way to a Plague Doctor, his mask has a snout but of course half of it just covers his face, so he is still able to eat and drink stuff with his mask on it that makes any sense, it's basically like a Plague Doctor mask cut in half, but it looks more wolf like. But in his suit looks fluffy.
Hero Personality:Silver wolf has been known to be friendly and kind to others, on the downside he can be quick tempered sometimes, clouding his mind in rage. But Silver Wolf can be protective over others, but can soemtimes be a littttle possessive. Though he can be a bit manipulative using calm and charming words. But in his hero form he seems to have more trust in other people and trusts others much better then he usually does. Silver can be cold sometimes only when a serious thing is on task. But he can be playful with others joking around.
Weapon:As a weapon he uses two ring swords, both have bleached wood and silver blades.
Powers: He gains much more stamina to run for long times, Increased sense of hearing, increased agility.
Special Power (ie.: Cataclysm, Lucky Charm):Artic Camo: This allows the user to camouflage into there surroundings for around 2mins.
Miraculous Appearance: While in civilian form the miraculous is colored as a grey wolf with white eyes, it's

attached to a leather necklace that's brown. Near the eyes it has one black dot on each side. In hero form the leather rope and wolf pendent is white, while the eyes are a light blue, the one dot on both sides of the eyes are black along with the nose is black. The eyes and the black dots and nose go out as the 5 min timer runs out.
Mental Strengths:
- Clear minded
- Manipulative
Physical Strengths:
- Running/quick
- agile
Emotional Strengths:
- Friendly
- Kind
Mental Weaknesses:
- Quick tempered
- Mind gets clouded when upset
Physical Weaknesses:
- Terrible upper strength
- Pretty weak when it comes to lifting things up.
Emotional Weaknesses (Akuma prey):
- Betryal
- Someone leaving him forever.
Other: 0w0 What's this?

Name: Fluff
Pronouns: He/Him
Animal: Arctic Wolf
Personality: Fluff is generally thoughtful and clever, but is also a bit quick tempered to, he can usually adapt to any kind of situation easily and gives really good advise, even though he is naive, and kinda gullible sometimes.
Appearance: Fluff like his name is extremely fluff it's hard to see the structure of their body but, they have a fluffy tail, fluffy ears, arms and legs like the normal Kwami does, and has two little of those anntenie things sticking out from the tips of his ears. He has a black nose and ice blue eyes that are tinted white.
Food: Limes, no clue why but he likes limes.

@Hidden Treeline:
1: Self-confidence... can't really spread? Do you mean she's motivational?
2: Her hero name needs to relate to her animal.
3: No, it can't be something that shoots ice. A squirt gun is acceptable, though.
4: What signifies the countdown of her Miraculous?
5: Saying she's often underestimated is... slightly controlling other characters, so you might want to take that out.

@Rexy:

1: Please explain how her Special Power relates to her animal. Is it some mythology I'm unaware of, mainly something from Japanese mythology? I'm mainly getting vibes that her SP is based off a Japanese myth that I'm unaware of due to the amount of kanji in her... general motif.
2: Could you please make the weapon a bit less... harmful? Like, possibly making the claws shorter or dulled so they aren't lethal.
3: Saying other people's opinions of her is slightly controlling other characters.
4: Why do her eyes turn teal? Tanukis have brown eyes, not teal.

5: When you mean ‘classic Asian face’... do you mean southern or eastern Asian? Also, Asians don’t typically have green eyes; some do, yes, but it’s very rare and you’ll seldom see an Asian with natural green eyes. Most commonly, Asians/Asian Americans have darker hair (black and brunettes), lightly tanned skin with what seems to be a yellow tint (hence why some people describe Asians as having yellow skin) or darker tan skin (ie: filipinos). They’ll also have more almond shaped eyes most of the time, and their eyes will tend to be dark to light brown. I may be Caucasian/white, but I have many Asian American friends both online and irl; my best friend is partially Korean, and her mother was from Korea, which is why I have a lot of knowledge on this subject.
6: I don’t think tanukis are very strong, so... how does she have enhanced strength?
7: Her last name isn’t Asian, which seems to be what you’re trying to communicate to us. Is she of Japanese descent? Chinese? Filipino? Korean? Giving her an Asian surname would make this all a lot more clear.
8: You mentioned she has a barbed tongue, but yet people see her as kind. Why is this?
9: Tying in with my nitpick about her appearance, she isn’t likely to have green eyes if she’s ‘classic Asian’, as Asians seldom have green eyes. If she’s only half Asian, she’s likely to look more Latino than classic Asian; people in America/English people tend to have wavier or more curlier hair textures, not the typical straight hair a lot of Asians have. While straight hair is likely genetically dominant, it doesn’t rule out the chance of her hair having a slight wave, which a lot of Latinos have. If anything, she’d look more Latino than Asian. Overall, it just seems like you’re fetishizing Japanese culture; I understand you may possibly be Asian yourself, but that doesn’t mean you’re exempt from susceptible to fetishizing the culture.

@Enchanted, @Fallon, @Hawk, @Gem, and @Ghost: Accepted!

@Fossil: hey,,, sorry, but I hate to be rude, but I don't think Wynter should be accepted rn.

- how can he be kind and manipulative at the same time?
- is his kindness a farce?
- he has,,, a grossly excessive amount of traits.
- it's hard to read the form and judge it; i can tell there's some things wrong with it, but could you please try to annotate it a bit? it makes it easier to review

I don't think your being rude at all, I haven't looked over this character in awhile, so this is actually really helpful advice:D. I'm pretty sure I fixed everything, but if it doesn't seem right I can cut a few things out like the manipulation or other stuff out if it just makes things easier.

Personality: Wynter at first to others seems kind(he generally acts kind, to cover up his manipultive side) friendly towards everyone no matter who they might be. But Wynter is quick tempered. Though tends to be manipulative to get what he wants with calming and charming words. Although he is protective about his close friends and is scared to loose them, he seems to also have a hard time trusting others, due to worrying that they will betray him later on in life, so he tends to be a little possessive over his friends, but is meaning good. Wynter is quiet playful and jokes around a lot with others, but once put to a task he can become serious about it wanting to get it finished. He's very clever though and seems to always be clear-headed, but once clouded by anger he loses his clear-mindedness. Wynter though does know how to bake and play piano, and is surprisingly a good runner.

Hero Personality: Silver wolf has been known to be friendly and kind to others(doesn't need to be manipulative because he believes as a hero he is a higher power). On the downside he can be quick tempered sometimes, clouding his mind. But Silver Wolf can be protective over others, but can soemtimes be a littttle possessive. Though he can crack a couple of jokes once in awhile.

Mental Strengths:
- Clear minded
- Manipulative

Physical Strengths:
- Running/quick
- agile

Emotional Strengths:
- Friendly

- Able to act kind pretty well.

Mental Weaknesses:
- Quick tempered
- Mind gets clouded when upset

Physical Weaknesses:
- Terrible upper strength
- Pretty weak when it comes to lifting things up.

Emotional Weaknesses (Akuma prey):
- Betryal
- Someone leaving him forever.

hm... if he has a quick temper, he probably has to have calming words, but i think he's good enough to be accepted now.

-oof

@cleaver

oh shoot

...,,

i'm a little confused—

"Fix this"

"fix this and you're good"

"Fix more"

i'mma just try my best.

hope I succeed.

if I fail again i'll hope I understand more and not die of confusion.

(man, i'm bad at this :P)

Name: Hailey Tripp, known as HT.
Hero Name: Polar (that's better, HT?)
Gender: Female ('cause it's less confusing for characters)
Age (13-17): 16.

Sexuality/Orientation: Demiromantic Homosexual.
Appearance: HT has quite the muscular lower body. HT's left leg looks a little deformed at the knee, it looks a little twisted when you can see skin, but when she's wearing pants you don't notice a thing. HT has long hair on one side of her head, the other side is shaved. Her hair is black and white at the tips.
Personality: HT is a very confident person when it comes to lower body athletics. HT is usually very happy and jumpy and she doesn't make sense. Her self-confidence is almost a disease, it seems to spread when people are around her (she's motivational). She's quite a loud speaker, her voice naturally loud. HT often likes to be the boss of things. She's quite the aggressive lady, threatening people and attacking them when she feels threatened. HT often hurts people's feelings on accident.
Hero Appearance: She has a white body suit (thingy). Her feet-body-suit-boot-things are grey with blue lines that weave like vines. She has a white scarf around her waste that goes as a tail, a very short tail. There are some bluish-grey spots on her shoulders. She has a mask that has bear ear things (you know what I'm talking about).
Hero Personality: Polar is much smarter than she normally is. She's quite shy when it comes to talking to people and she doesn't volunteer her ideas. Sometimes she will be very brave and seeable, she will want people to notice her.
Weapon: A squirt gun.
Powers: She can walk on ice.
Special Power (ie.: Cataclysm, Lucky Charm): Permafrost. Permafrost freezes things for a few minutes (max is two) until it thaws. Can't freeze humans, but it can freeze fire.
Miraculous Appearance: A watch that's white and has blue dots (blue dots are her count down). In normal form (when she's not a hero) it's grey.
Mental Strengths:
-She's a rather fast thinker.
-HT notices things that are small quickly.
Physical Strengths:
-She has pretty good lower body strength.
-HT is able to run very fast.
Emotional Strengths:
-She generally self-confident.
-She can be rather careful when it comes to trusting people.
Mental Weaknesses:
-She can't read very well.
-HT isn't very good at memorizing things.
Physical Weaknesses:
-HT has bad upper body strength.
-She has pretty bad reflexes in her left leg. (It won't react to being hit.)
Emotional Weaknesses (Akuma prey):
-HT can get rather angry and jealous easily.
-She always wants to be seen (not ignored), when she's ignored her feelings get hurt and she feels like people don't care.
-HT is a rather competitive girl and when she loses she gets rather upset.
Other: OwO what's this?
